DETAILED ACTION

Allowable Subject Matter

Claims 1 – 19 and 21 – 24 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 21 and 22, being dependent claims and having objected to subject matter indicated in the previous office action dated December 8, 2003, have incorporated subject matter of independent claim 20 and are found in condition for allowance. Ishikawa et al. does not show combining the signal pairs using half-wavelength transmission lines in combination with the limitations of claim 20 (claim 21) or adjusting the coupling by rotating a screw, adjusting a sliding cover, and securing the sliding cover (claim 22).

Reasons for allowance of claims 1, 3, and 24 were given in the previous office action dated December 8, 2003.
